**Commissioner for Patents**

The amendment filed on 10/23/2003 is deemed non-compliant and Applicant is given 1 month to provide a proper response to the last Office Action. The amendment drawn to a non-elected invention is non-responsive. The currently amended claims are not readable on the elected invention because the amended claims now require an article having a joint and a shape memory foam whereas the elected invention requires only a shape memory foam.

***Non-Responsive Amendment***

1. Applicant's amendment of 10/23/2003 is deemed non-compliant and Applicant is given 1 month to provide a proper response to the last office Action. The amendment drawn to a non-elected invention is non-responsive (MPEP § 821.03). The currently amended claims are not readable on the elected invention because the currently amended claims now require an article having a joint and a shape memory foam whereas the elected invention requires only a shape memory foam.
2. The current status of claim 9 must be given as withdrawn, not original in accordance with revised amendment practice. Therefore, the amendment is not entered.
